DECISION

On January 10, 2014, we issued our order granting part of Respondent's motion for summary decision. We concluded that Respondent has cause to refuse to renew Petitioner's license on some, but not all, charges in Respondent's answer. On January 13, 2014, Respondent filed a request for a decision, stating he does not wish to have a hearing on the remaining cause for refusal.

We incorporate by reference our January 10, 2014, order into this final decision.

SO ORDERED on January 14, 2014.
